

# McIntire Park Nature Trails

A number of nature trails run along the creeks and through mature forests at McIntire Park. Enter the trails behind the picnic shelters, to the north of the baseball fields, from CHS, or from Melbourne Road.

There are four parallel trails west of the picnic area, and one east along Meadowbrook and up to Melbourne Road.

The eastern trails create multiple loops, and also connect to 250 Bypass at the wading pool.

Total Length: ~3.5 miles  
Difficulty: MODERATE
