

June 14, 2016

Mr. Brian Daly  
City of Charlottesville Parks and Recreation Department  
501 East Main Street  
Charlottesville, VA 22902

Dear Mr. Daly

In November of 2014, The Charlottesville Area Mountain Bike Club (CAMBC), the Charlottesville Area Trail Runners (CAT), and the Rivanna Trails Foundation (RTF), collectively submitted a letter in support of shared pedestrian and bicycle use at the Ragged Mountain Natural Area. We are pleased to submit this follow-up letter of endorsement for the recently released Option E shared use plan.

We believe Option E reflects the interests of the majority of our constituents, as well as the interests of the majority of members of the general public who have been involved in the planning process. Our endorsement of Option E also reflects our commitment to helping build and maintain trails within the Ragged Mountain Natural Area. We look forward to the continued dialog, as we consider the bigger picture of connecting the trails at Ragged Mountain to existing networks like the RTF trail and other emerging trail systems in the vicinity of the park.

Sincerely,

Sam Lindblom  
President  
CAMBC

Christian Dahlhausen  
Vice-President  
CAT

Todd Niemeier  
President  
RTF
